30th August 2013

The Best Connection Group has been the sole supplier to Wincanton M&S, Enfield for Warehouse Operatives since May 2011.

The Best Connection support the Wincanton management team with an onsite team that are responsible for candidate selection to work, conducting inductions, managing workers in all aspects and presenting Key Performance Indicators during daily meetings and producing them weekly and monthly.

TBC fulfil our business requirements and in order to satisfy our needs they offered and implemented a site specific solution that has helped the site drive vast efficiencies over the last year

Their professional and pro-active approach provides an excellent service and I wouldn't hesitate in recommending The Best Connection to anyone that deals with agency and wishes to improve performance of the business.

A handwritten signature in blue ink, appearing to read "S Beeke", written over a light blue horizontal line.
